CASSIUS M. CLAY.

Peaceful End After a Life Full Of Storms.

Passed Away at His Home at White Hall—Most Unique Character.

Richmond, Ky., July 22.—Gen. Cassius Marcellus Clay died at Whitehall tonight. The end came peacefully and he died as if falling into a gentle sleep. He began sinking rapidly late this afternoon and it was apparent to the watchers at his bedside that he was in a dying condition. He was suffering from cystitis, which was aggravated by complications incident to old age. Gen. Clay was in his ninety-third year.

Two weeks ago the Drs. Bullock of Lexington and Louisville, were called in consultation. His family considered it necessary to take steps to have him legally pronounced of unsound mind. This was done and since then he had been resting quietly, but had been sinking gradually. One of the fancies that was the outgrowth of his weak condition was that it was necessary to keep his premises guarded and himself and servants heavily armed on account of unseen enemies.

Gen. Clay was born October 19, 1810 in Madison county. He led a stirring life which began to tell on him in late years. He believed that a conspiracy to assassinate him had been formed and some years ago fortified his home, Whitehall, and entered upon a life of seclusion that ended only a few weeks ago, when the courts appointed a committee to take charge of him and his effects. He was found desperately ill and had every care since.

The funeral will be held at Richmond on Saturday and the burial will be in the Richmond cemetery.

WANT DIVORCES.

Two More Suits Filed With Circuit Clerk.

Emma Brown has filed suit here for divorce from Felix Brown. Plaintiff states that they were married about thirteen years ago and alleges cruel treatment. In addition to an absolute divorce she prays the custody of their four children.

Rose Allen wants a legal separation from Frank Allen. The petition states that the parties were married in Christian county in 1901 and that in April, 1902, defendant abandoned his home.

SHROUDED IN MYSTERY.

Young Miller Disappears From His Home in Crofton.

Otto Burkholder, who had been in the employ of his brothers, proprietors of the Crofton mills, at Crofton, disappeared from his home at an early hour last Friday and his whereabouts are still unknown. He arose from his bed, and kissing his wife and little child, went to the mill, where he changed his clothing. When last seen he was going a foot toward Henderson. His relatives think it may be his intention to enlist in the army. Burkholder is about thirty years old and came to this country from Troy, O., several years ago. He was very popular and his strange conduct is shrouded in mystery.

WOUNDS HEALED

And No Danger of Hydrophobia Now Feared.

Mrs. Emma Ingram, of Trigg county, who was bitten by a rabid dog about a month ago, and who had since been under treatment in St. Louis, returned home by way of this city Wednesday. The wounds have healed nicely and the attending physicians are of the opinion that there is now no danger of hydrophobia.

PENCIL PUSHERS

Convene at Lexington Under Auspicious Circumstances.

Editors Will Take Their Annual Outing on the Great Lakes.

Lexington, Ky., July 22.—Members of the Kentucky Press Association are in Lexington about 150 strong. After two days of entertainment and business connected with the association here the editors will leave on their annual outing on the Great Lakes and in the Northeast. No business was transacted by the association to-day, and in fact there was no formal meeting more than for the registration of the names of the visitors and to hear the address of welcome by Mayor H. T. Duncan and the response of Thomas G. Watkins, of the Courier-Journal.

The visitors arrived during the morning and at 11 o'clock went to the court house where in Circuit Court room they were welcomed by Mayor Duncan. The Mayor made a brief and witty speech. He was for years a newspaper man and knows the ins and outs of a newspaper man's life. He told the visitors he wanted them to have a good time in Lexington, an' t if they did not see what they wanted to ask for it, and it would be given to them. The Reception Committee, under Col. John P. Moore, of the Louisville and Nashville railroad, was busy during the entire day and until a late hour to-night, when the day's pleasure was brought to a close by a handsome reception tendered by Judge and Mrs. James H. Mulligan at Maxwell Place.

From the court house the editors were taken to the Eastern Kentucky Lunatic Asylum, where they were received by Superintendent J. S. Redwine and his assistants. From the asylum they went on the electric car furnished by the local committee to the State College, where Prof. Walter K. Patterson and other teachers, in the absence of President Patterson, who is in Atlantic City, showed them through the various departments of the institution. The cars then took off the delegates who were not too weary to the trotting track, where five horses were shown them, and then around the city, stopping at Kentucky University, where the various departments of this institution were inspected.

WON AND LOST.

List of Games For Next Two Weeks.

Hopkinsville won two games at Paducah and lost one. At Cairo this week they lost two and won one. Hopkinsville is now at Jackson, Tenn. The locals lost the first game of the series at that place Wednesday, the score being 10 to 3 in favor of Jackson.

The local team will play at Henderson next, beginning tomorrow. On July 31 Hopkinsville will play the first of a series of three games at Clarksville and beginning Aug. 4, Clarksville will play a series here. Paducah will be here Aug. 8, for three days.

GRACEY MARSHAL

Makes Arrest and Prisoners Were Taken to Cadiz Jail.

A few days ago a thief or thieves stole a saddle belonging to Judge Mitchell, of Waltonia. Two suspicious characters were seen in the neighborhood about the time the theft was committed. A description of them was furnished Mr. H. Cox, Marshal of Grancy, and their arrest followed the next day. The parties arrested were supposed to be tramps. They were taken to Cadiz and delivered to the authorities there. The saddle was recovered.

INSANITY FOLLOWS ILLNESS.

Dr. Waltham, of Long Hollow, Placed in Asylum.

Dr. H. H. Waltham, of the Long Hollow district of Trigg county, was adjudged of unsound mind by a jury at Cadiz Tuesday and ordered sent to the Western Asylum. He was brought here Wednesday afternoon by Deputy Sheriff G. E. Bayham and placed in the institution.

Dr. Waltham is a well known dentist and has been in bad health for several months. He has a wife and four children.

DEAD IN NASHVILLE.

Remains Interred in Edgewood Cemetery, Trenton.

Mrs. McCown, widow of Rev. R. B. McCown, died at her home in Nashville Sunday and the remains were brought to Trenton and interred in Edgewood cemetery Monday.

She was about 70 years old and formerly lived in Trenton, but moved to Nashville shortly after the death of her husband about fifteen years ago.

Deced was a member of the Methodist church. She was an aunt of Mr. Chas. W. Bennett, the well known Trenton merchant.

ANOTHER BURGLARY.

Tandy Mason's House Robbed of Valuable Jewelry.

A few days ago the residence of Mr. T. B. Mason, of South Christian, was burglarized. The thief secured a watch and several other valuable articles of jewelry.

Ad Rees, col., was arrested Saturday and is in jail, charged with the crime. His examining trial is set for Monday.

CONTRACT LET

And Work on Cerulean Bank to Begin at Once.

The contract for the erection of the new bank building at Cerulean Springs has been awarded to a Paducah firm. It is expected that work will begin in a few days.

PILOT ROCK FARMER

Dies After Long Illness of Bright's Disease.

Mr. George Barrow, a well known farmer of Northeast Christian, died Tuesday, of Bright's disease, aged 55 years. He was a member of the Baptist church and was a relative of the late Rev. J. T. Barrow. He leaves a widow. The interment took place in the Ebenezer church cemetery Wednesday.

Elm Street Blaze.

The cook room of Mr. Jas. Cannon's residence, on Elm street, was damaged by fire yesterday morning. The loss is small.

CERTIFICATES ISSUED.

Special Examination For Appointment to State College.

The examination for white teachers' certificates, held last Friday and Saturday, resulted as follows: I first class, 10 second, 3 third. Eight failed. There were 22 applicants. As there were no applicants for appointment to the State College of Kentucky, Miss Katie McDowell, County Superintendent, will hold a special examination at her office, next Monday, July 27, to fill the vacant.

The examination of colored applicants for county teachers' certificates will be held at the Second street school building today and to-morrow.

CAMPMEETING CLOSES.

Large Crowds Attended And the Meeting Was a Success.

The Holiness campmeeting which had been in progress on South Walnut street for the past two weeks, closed yesterday afternoon. There were several professions. Rev. McClurkin and wife, of Nashville, did the preaching and tremendous crowds attended each service. The meeting was held in a large tent in the yard of what is known as the Sharp place.

CUTTING CASE.

Accused Waives Examining Trial and Gives Bond.

The case of the Commonwealth against Dr. G. W. Jones, charged with cutting Major Brown, col., was called Wednesday before Judge Fyler. Jones waived preliminary hearing and was held over to circuit court. He furnished bond in the sum of \$100.

The men are tenants on the farm of Dr. L. J. Harris, near Sinking Fork, and got into a row several weeks ago, which resulted in the cutting.

NICE LOT

Of Mules Sold to T. C. Railroad Company.

Mr. Richard Leavel, of Beverly sold 22 work mules to the Tennessee Central Railroad Company. The price paid was \$3,520.

Death of An Infant.

An infant of Mr. W. H. West, who resides on East Twenty-First street, died Tuesday and the remains were interred in Hopewell Cemetery Wednesday.

Miss West Resigns.

Miss Jenine West has resigned as teacher at Oak Grove to accept a school at Bainbridge. She will get a much larger salary at the latter place.

SODA WATER

Will Cure Rheumatism if the Liquid is Applied When Hot.

Here is another asserted cure for rheumatism sent in by a Pasadena correspondent to the Los Angeles, California, Times, who says that he has used it for 20 years. It is simply to bathe the affected parts with soda water. He claims that rheumatism is caused by a check of perspiration, so that the uric acid cannot escape. The soda, he says, being an alkali, tends to neutralize the acid, and he further states that the case is not of long standing one application will effect a cure.

It is not likely that a single application of soda water would cure rheumatism even if the case is mild. Probably a better plan would be to take a soda bath, putting a package of baking soda in a tub of hot water. This makes the water soft, and aids in opening the pores, permitting perspiration, which is a highly necessary thing in cases of rheumatism, and is probably the reason why cures are often effected at hot springs. It is not so much the mineral contents of the water that affect the case as the sweating produced by the hot bathing and the drinking of plenty of soft water.

Repulsive Features.

Blackheads, pimples, greasy faces and muddy complexions, which are so common and wretchedly ugly at a certain age, destroying beauty, disfiguring and making repulsive, features which would otherwise appear attractive and refined, indicate that the liver is out of order. An occasional use of Hopkin's will cleanse the bowels, regulate the liver and so establish a clear, healthy complexion. 50¢ at R. C. Hardwick's.

WAGE SCALE

Fixed at Thirty-One Cents Per Hour.

The Tennessee Central railroad has signed an agreement with its machinists, boilermakers and blacksmiths, by which the maximum wage scale is fixed at thirty-one cents per hour. The men are to be paid time and a half for overtime or on Sundays and holidays. Only apprentices will be allowed in each shop and helpers and laborers will not be allowed to do machinists' work.

DARKEST DAYS

Are Days of Suffering—They Are Becoming Brighter for Some Hopkinsville People.

Many kidney, iron, kidney, gall, rheumatic, headache, nervous, tired, urinary troubles, makes you gloomy. Doan's Kidney Pills bring relief; bring cure to every kidney sufferer. They are endorsed by Hopkinsville.

John Combs, of 1226 South Virginia St., says: "For a great many years I suffered with a persistent aching across my loins and through the kidneys. At times my pack was so bad that I could hardly get to bed, and could hardly lie on my back at all without placing my hand under it, which seemed in some measure to relieve the pain. A friend of Mr. Combs told him about Doan's Kidney Pills and he has steadily improved until the dreadful aching was relieved and I could attend to my household duties with out any inconveniences. They did not cost me more than any medicine I ever used and I gladly recommend them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

NEGRO MOB

Lynched Negro Tramp Who Assaulted Negro Woman.

A negro tramp named Adams, who assaulted a negro woman near Lake Butler, Fla., a few days ago, was captured by a mob of negroes and lynched in Santa Fe swamp. His body was cut into shreds by the mob. The lynching was carried out by negroes entirely.

Sick Headache

is caused by constipation, indigestion and biliousness, which may be cured and the cause of the headache removed by the use of Dr. Caldwell's Syrup Popain. This splendid remedy may be obtained of all druggists in 50¢ & \$1 bottles.

Workless Work.

The case and levity with which great organizations of men quit work are disheartening. But the men mean well; individually most of them are good boys, but sometimes a strike, or a last mouth, or a strike or strike from "suggestions," to be poisoned by the strike bacillus. No doubt, things will mend and common-sense win. Still the world gets lazier every year and holidays are longer. Can't some boy invent workless work?—Everybody's Magazine.

TO THE FARMERS OF CHRISTIAN COUNTY.

Please don't forget that the Planters' Insurance Co., of Bowling Green, Ky., was incorporated for the purpose of giving you cheaper insurance and just as safe insurance as any company doing business in this state.

For nearly five years we have been doing this.

We have kept in the pockets of the farmers of South-Western Kentucky (the difference between our rates and those of other companies) several thousands of dollars which would have gone to some Eastern corporation for the same protection that we give them, if we had not been in business.

The statements being true why not patronize your home company? A company that has never failed from its organization to date to pay the face of its policy in case of a total loss.

A company that has no three-fourths clause in its policies.

A company that insures nothing but farm property, therefore we have no one risk insured where another one can burn it up, making it impossible for us to have an epidemic of losses, which is the cause of so many companies going into liquidation.

Please bear in mind our plan of insurance is not a new one. In Philadelphia over 150 years ago a Mutual or Co-operative company commenced business and is running to this day.

The oldest fire insurance companies in fourteen of the leading cities of our Union are Mutual or Co-operative companies. We are glad to say that one of these states is old Kentucky. We have in our state nineteen companies which have been running an average of twenty years each. The oldest one of these companies commenced business over sixty-four years ago. There are over forty-eight years ago. There are over two thousand companies in America. In New York there are 130; in Ohio, 115; in Pennsylvania, 235; in Illinois, 204; in Kansas, 22; in Nebraska, 70, and in Iowa, 185.

I will soon be able to print a list which will show the correct numbers in every state of our Union. According to the above statements, which are true, and I challenge any agent to prove that they are not true, does it not seem to you that our plan of insurance is a new scheme, which some agents are trying to make you believe?

If you want good insurance for a much less rate than is charged by other companies, see one of our agents.

P. C. JESSEE, Secretary.

S. G. BUCKNER, Agt., Hopkinsville, Ky.

E. J. MURPHEY, Agt., Pembroke, Ky.

Other good agents are wanted. A good contract will be given to that agent who can devote his entire time to our business.

CHEATHAM COUNTY

And the Tennessee Central Subscription.

Nothing in the Alleged Repudiation of Subscription to the New Road.

Nashville, July 17.—Mr. W. D. Witherspoon, attorney for the Tennessee Central Railroad, said this morning that the story published that the company would have trouble in securing the subscription of \$50,000 made the road by Cheatham county was without foundation.

It was stated that the subscription is conditioned on the completion of the road by August 17. One stipulation was that the road should be in operation from Nashville to Hopkinsville by that date and another clause provided that the subscription should become due and payable when the road was put in operation through the country. The claim was made that the two provisions were contradictory and that this would make the contract void.

After seeing the article in question Mr. Witherspoon said it was written by some one ignorant of the actual facts. "In the first place," said Mr. Witherspoon, "the road does not have to be completed until March 27 next year. We have never or in our minds questioned the validity of the subscription—have not had any doubts whatever about it. This is the first suggestion that we have had of any trouble of any kind about it."

If the company had, as was stated, only until the middle of next month to get the line from Nashville to Hopkinsville in operation, the subscription would be lost, as it is now evident that the line cannot be completed before fall.

Very Remarkable Cure of Diarrhoea.

"About six years ago for the first time I had a severe attack of diarrhoea," says Mrs. Alice Miller, of Morgan, Tex.—"I lost temporary relief, but it came back again and again, and for six long years I have suffered more from this disease than I can tell. It was worse than death. My husband spent hundreds of dollars for physicians' prescriptions and treatment without avail. Finally we moved to Bosque county, our present home, about a year ago, to get away from the strike. I could hardly realize that I was well again, or believe I could be so after having suffered so long, but that one bottle of medicine, costing but a few cents, cured me." For sale by C. K. Wyly, druggist.

VARIOUS NEWSPAPERS

Of State Collected Nearly \$4,500 For Capt. Ewen.

Lexington, Ky., July 21.—The friends of Capt. B. J. Ewen have learned from various sources the exact amount of money collected by the various newspapers in the state for the benefit of himself and family and have given out the figures. The total amount is \$4,464.75. Mr. Ewen's loss is estimated at about \$10,000, besides the contracts that were rendered worthless by his forced departure from Jackson.

Heartburn.

When the quantity of food taken is too large or the quality too rich, heartburn is likely to follow and especially if the diet has not been weakened by constipation. Eat slowly and not too freely of easily digested food. Masticate the food thoroughly. Let six hours elapse between meals and when you eat, do not lie down immediately. The region of the stomach after eating, indicating that you have eaten too much, take one of Chamberlain's Stomach and Liver Tablets and the heartburn may be avoided. For sale by C. K. Wyly, druggist.

LIVING FROM HAND TO MOUTH.

It Means Starvation for Some.

An eminent physician of this city recently said: "Very thin people live from hand to mouth and have little or no money for emergencies." Of course we know of no one whose nature it is to be thin "born that way," some

unfortunate wind carries the seeds of some vice and weakness, and disease. Almost any grave change in health is at once betrayed by the loss of flesh, which shows most often in the face. The thin skin almost always co-exists with impoverished blood. A gain of flesh up to a certain point means a rise in other constitutional health, increased, and the color improved. When persons find themselves losing weight they should heed to time before disease fastens on them. A tonic alternative is needed to digest and assimilate the food.

Castor oil was the old fashioned remedy for a run-down system, or a chronic wasting disease. The digestion of the oil is hard on the stomach, the sensitive stomachs rebel against it. A great improvement in the means employed for the benefit and cure of the sick is the use of Dr. Pierce's medicines before giving up all other medicines without relief. I was so disengaged that I just about decided death could not be far off. I was told to take Dr. Pierce's medicine on the twentieth of December. I was surprised to note the result of the first dose. After taking the bottle of Dr. Pierce's Golden Medical Discovery, was prodded into a sweat. After taking the last medicine and I have not had the least trouble of my life for months than for seven winters previous to this time.

Mr. Lydia James, of Ogdensburg, Wis., writes: "In regard to your medicine will you tell me about the Golden Medical Discovery. I am a widow woman and was sick in bed with liver complaint and kidney disease and never well. I began to take the Golden Medical Discovery.

In ten days I was so I could begin to get around again. I have not been sick at all since. After that, took about five bottles of it and am sure I would have been in my grave if I had not had this medicine.

Mr. Robert, of New York City, writes: "No one can tell how much I suffered with my leg. It was so bad for a year that I could not walk, could not work, and at times couldn't even bear the weight of a sheet over me at night, but you will be surprised to know I am well again. After I had taken two bottles of Dr. Pierce's Golden Medical Discovery, I began to feel better and kept getting better. Took nine bottles of Golden Medical Discovery, also used Dr. Pierce's All Purpose Remedy. I am in better health as well as ever was. Am willing everyone should know what good your medicines have done for me. I am well again after taking as I did to try the same treatment. I think and feel sure I will be well again."

Take Dr. Pierce's. There is no medicine equal to Dr. Pierce's Golden Medical Discovery, for purifying the blood. It carries off the poison which contaminates the body. It increases the activity of the blood-making glands and gives the body an increased supply of pure, body-building blood. It helps the skin, removes the fatty, dead flesh instead of flabby fat, promotes the appetite, feeds the nerves, and so gives to weak, nervous people vitality and vigor. It is prepared in the Medical Laboratory of the World's Dispensary, at Buffalo, N. Y., under the supervision of Dr. R. V. Pierce.

ELIGIBILITY QUESTIONED.

What One Republican Paper Says of Prof. McCartney.

One Republican paper claims that Capt. Livingston McCartney, of the Henderson schools, who was nominated by the Republicans for state superintendent, is ineligible because he came from Chicago to Henderson so recently that he is not entitled to vote. The Republicans of Henderson will readily repudiate this as they know Prof. McCartney was superintendent of their schools for several years before he went to Henderson. But, then, Prof. Faqua will see to it that his eligibility will never become a serious question.—Owensboro Messenger.

The Boss Worm Medicine.

H. P. Kumpe, druggist, Leighton, Ala., writes: "One of my customers had a child, which was sick, and threw up all food, could retain nothing in the stomach. He took one bottle of White's Cream Vermifuge, and it brought up 119 worms from the child. It's the boss worm medicine in the world." White's Cream Vermifuge is also the children's tonic. It improves the appetite, stimulates the system, strengthens their nervous system and restores them to the health, vigor and elasticity of spirits natural to childhood. 25¢ at R. C. Hardwick's.

The Real Victim of Strikes.

Whoever strikes and however strike comes out, the public pays most of the bills. The public is the cow. The employers and the labor unions are the milkers. "Do you sympathize with the company or the strikers?" a selfish philosopher was asked. "I sympathize with myself," was the reply.—Everybody's Magazine.

About eighteen months ago Mr. W. S. Manning, of Albany, N. Y., who is a leading citizen, is the representative of the Albany Chemical Co., was suffering from a protracted attack of diarrhoea. "I tried Chamberlain's Colic, Cholera and Diarrhoea Remedy," he says, and obtained immediate relief. I cheerfully recommend this medicine to all those similarly afflicted." Sold by C. K. Wyly, druggist.

State College of Kentucky.

The Agricultural and Mechanical (State College) College of Kentucky, offers the following courses of study, viz: Agriculture, Horticulture, Chemical, Biological, Mathematical, Physical, Normal School, Classical, Mechanical, Engineering, Electrical, Engineering, Civil Engineering, each of which extends over four years and leads to a degree. Post graduate studies are also provided, leading each to a Master's degree. Each course of study is organized under a separate faculty. The general faculty numbers nearly fifty professors and instructors.

COUNTY APPOINTEES receive tuition, room rent in dormitories, fuel and lights, and if they remain ten months, traveling expenses.

The laboratories and museums are large, well-equipped, comprehensive and modern.

The legislature appropriated \$60,000 for a college home for young women and \$30,000 for drill hall and gymnasium for men. The latter is completed and in use, the former will be ready for occupancy in October.

Military tactics and science are fully provided for as required by Congress.

Graduates from the several courses of study readily find excellent positions and liberal remuneration. The demand is largely in excess of the ability of the college to supply. Last year the matriculation list was 604.

Such courses are provided for pedagogy, engineering and instruction in science.

Specialists with necessary number of assistants have charge of each department of study in the College.

The State College of Kentucky, though bearing hitherto the title of College, is the only institution in the commonwealth doing, in any proper sense, university work.

The completion of the college home will add greatly to the facilities for good board and lodging.

It is equipped with all modern conveniences, including bath rooms and room for physical culture. It will be heated by steam and lighted by electricity.

An dormitory is afforded to them of a thorough education in Classics, Modern Languages, Literature, Science, Mathematics, Logic, Metaphysics, History and Political Economy. The other institutions in the State offers the advantages for the education of women at all comparable to those offered by the State College of Kentucky.

For catalogue, methods of obtaining appointments, information regarding courses of study, and terms of admission apply to Dr. C. F. FRAZEE, Bus. Manager.

Lexington, Ky. Fall term begins Sept. 7, 1903.

Cheap Summer Rates.

Commencing June 1st, the Burington Route makes remarkably cheap round trip summer rates to Colorado and Utah resorts—Denver, Colorado Springs, Pueblo, Glenwood Springs, Salt Lake City. The daily rate is the half rate, except from July 1st to 10th, when it is even less than half rate.

CHEAP TO MINNESOTA RESORTS.

Daily, commencing June 1st, only one fare, plus \$2.50, for the round trip to St. Paul, Minneapolis, and all the beautiful Minnesota localities.

CHEAP TO CALIFORNIA.

July 1st to 10th, only \$6.50 from St. Louis, \$10.00 from the Missouri River to California and return, and from August 1st to 14th, only \$7.50 rate of \$4.50 from St. Louis and \$4.00 from Missouri River. Only \$11.00 additional in August for return via Puget Sound and northern routes through Billings to St. Paul.

THE ROUTE FOR TOURISTS.

Making a pilgrimage to Burlington, Agaña for water routes. The entire West is embraced in the scheme of cheap summer rates during 1903. Describe your proposed trip to us. It will be a pleasure to advise you fully.

was supposed to be available for a
great many industrial purposes,
but it now appears that the expense
of producing liquid air is far greater
than the methods of obtaining low

the skin with the ten per cent of the
mercury that can possibly derive from them.

Impaired Digestion

May not be all that is meant by *dysepsis*
now, but it will be if neglected.The uneasiness after eating, fits of nervous
headache, uneasiness of the stomach, and
discomfort belching may not be very bad
now, but they will be if the stomach is
suffered to grow weaker.Dyspepsia is such a miserable disease
that the tendency to it should be given
early attention. This is completely over-
come by

Hood's Saraparilla

which strengthens the whole digestive system.

NEED INSTRUCTION.

In his report on the Kentucky
troops Major William L. Buck, of
the Third Infantry, says that the
officers and men will show great
improvement after being in a camp
in connection with regular troops.
He recommends the detail of a reg-
ular officer as instructor during the
whole year, and adds that if a suitable
officer is sent it will undoubt-
edly result in great benefit. Major
Buck says there should be a thor-
ough reorganization of the staff de-
partment and heads thereof selected
for fitness and heads thereof selected
for personal interest in the welfare of the State
Guard. He says there is practically
no Adjutant General's Department,
no Inspector General's Department,
no Judge Advocate General's Department,
no Quartermaster General's Department
or a Medical Department.Major Buck believes that the
men are paid nothing making it
impossible to exact proper discipline.
He recommends that there
should be on hand a sufficient
supply of all equipments to put two
regiments of 600 men each in the
field, and if every effort on the part
of the state is made to have an effi-
cient small force, rather than one
twice as large on paper, the next
report cannot but show improve-
ment.Chairman Morrison, of the Mc-
Cracken county Democratic Com-
mittee, and Chairman Edwards, of
the Marshall county committee,
have finally agreed on the Taylor-

tion to the campaign fund. The

lican leaders took luncheon with

Morris B. Belknap, of Louisville,
nominee for governor. The ques-
tion of currency reform at the next
Congress was informally discussed.It is announced from executive
headquarters in Chicago that the
Illinois Central contemplates ex-
tensive improvements on the divi-
sion between Louisville and Mem-
phis. All the old wooden bridges
will be taken out and steel struc-
tures substituted. One of the
bridges over the Tennessee river
near Paducah, will cost \$1,000,000.

QUEER SUPERSTITIONS.

The following are some curious
superstitions that are still extant
among English people:
If you kill frogs your cow will
"go dry."
Ticking a baby will cause the
child to stutter.
To thank a person for combing
your hair will bring bad luck.
To kill a ghost it must be shot
with a bullet made of silver coin.
To dream of a live snake it means
enemies at large; of a dead snake,
enemies dead or powerless.
To dream of unbroken eggs sig-
nifies trouble to come; if the eggs
are broken the trouble is past.If you boast of your good health,
it is bad, your liver is out of
order. Ayer's Pills will clean
your tongue, cure your dys-
pepsia, make your liver right.
Easy to take, easy to operate.
25c. All druggists.Your Tongue
If it's coated, your stomach
is bad, your liver is out of
order. Ayer's Pills will clean
your tongue, cure your dys-
pepsia, make your liver right.
A child will have a nature and
disposition similar to those of the
person who first takes it out of
doors.

Hair Falls

"I tried Ayer's Hair Vigor to stop my hair from falling. One-half a bottle cured me." J. C. Baxter, Braintree, Mass.

Ayer's Hair Vigor is certainly the most economical preparation of its kind on the market. A little of it goes a long way.

It doesn't take much of it to stop falling of the hair, make the hair grow, and restore color to gray hair.

\$1.00 a bottle. All druggists.

If you cannot afford to pay one dollar and we will express our sympathy to you. Address: J. C. AYER CO., Lowell, Mass.

BAD

DIGESTION

Imperfect digestion is more serious and far-reaching in its effect than is generally understood. This is because it is like a slow, steady way to disease because a single germ that may be in the air we breathe at once gets a strong opportunity to attack the vital organs. They slowly undermine the strength and energy, and a condition of debility usually starts when a strong healthy body is most needed.

ANOTHER AGED CITIZEN

Passes Away After an Illness of Several Weeks.

Mr. George W. Graves died at his home on South Virginia street about 4 o'clock a.m., Tuesday.

He had been in bad health for several weeks, suffering from a complication of diseases, but the immediate cause of death was pneumonia.

Mr. Graves was 68 years old and had spent the greater part of his life in Hopkinsville. He was a man of considerable means and was actively engaged in business here until about fifteen years ago. He leaves a widow and three children: Meada, Palmer, Will E., and Miss Hattie.

Funeral services were held by Dr. E. L. Southgate Wednesday morning at 9:30 o'clock and the interment took place in Hopewell cemetery.

GOES TO CLARKSVILLE.

Popular Young Business Man Will Change Base.

Mr. Willie A. Ladd, who recently resigned his position with Mr. C. Salle, at Oak Grove, has accepted a more lucrative place with Neal & Edwards, Clarksville, and will enter upon his duties about Aug. 1. Mr. Ladd had been with Mr. Salle for about two years and is one of the most popular young business men of South Christian.

He has a wide acquaintance and the Clarksville firm should be congratulated upon having secured his services. Mr. Ladd will have charge of the dry goods department of the firm's store.

STALLION DESTROYED.

Also About \$350,000 Worth of Horses and Avalanche.

Lightning caused a conflagration that destroyed \$150,000 worth of horses and fully \$200,000 worth of property at the great lumber yard of John E. Madden, near Lexington, Ky., Wednesday.

There were over 50 horses in the barn, which had 60 stalls, and was the finest barn ever built for horses in Kentucky.

Imported Mirthful was among the animals that perished. He ranked as one of the world's greatest horses and was regarded as one of the most phenomenal sires of the present age.

The loss on Mirthful and the other horses destroyed is complete, as no insurance was carried on them.

POPE LEO

Passes Away After an Illness of Three Weeks.

Death Lays Claim to Head of the Catholic Church.

ROME, July 21.—Pope Leo XIII. died at 4 o'clock yesterday after an illness lasting over a week. Death occurred through exhaustion, according to Dr. Lapponi, though to the last the Pontiff's wonderful will power asserted itself. Around the bedside were the physicians, the Pope's nephew and all of the cardinals in Rome. Though his holiness suffered intense pain his last words were benedictions on those at the bedside.

Leo made a supreme effort to gather together all his energies.

He succeeded in recognizing those about him by the sound of their voices, as his sight was almost entirely lost. Still he made a marvelous display of his energy, and even his death was really grand. It was resigned, calm and serene.

Very few examples can be given for a man of such advanced age, after so exhaustive an illness showing such supreme courage in dying.

The body of Pope Leo was today embalmed, and last night it laid in the hall of the throne room, near near the death chamber. Impressive ceremonies over the body were held in the morning by the cardinal.

The diplomatic body in Rome will to day pay their tribute of respect, and the remains will lie in state in St. Peter's for the benefit of the public for three days, beginning Friday morning. Bells in the 400 churches of Rome tolled four hours last night, and the noteworthy demonstration of respect will be repeated nightly until the funeral services are over. The late Pontif is said to have left a private fortune valued at \$17,000,000.

The sacred college of cardinals which will elect Leo XIII.'s successor is now composed of sixty-four members. When the college is full its total membership is seventy. Twenty-five of the cardinals live in Rome, and form the Roman curia, so often mentioned. A majority of the cardinals are of Italian birth.

There are three orders in the sacred college—bishops, priests and deacons. But these orders belong exclusively to the college, and have nothing to do with the dignity of the cardinal held out side the college. For example, Archbishop Gibbons, of Baltimore, is in the college a priest. There are six cardinal bishops when all the offices are filled.

Saved From Terrible Death.

The family of Mrs. M. L. Bobbitt, of Bartonsville, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used, failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung trouble.

Guaranteed Bottles 50c and \$1.00. Trial bottle at R. C. Hardwick's Drug Store.

PROFITS FOR CHARITY.

Prosecution Dropped When the Fact Was Made Known.

Paducah, Ky., July 21.—The baseball association here has adopted a new rule. It gives the profits of the Sunday baseball game to charity, and when warrants were issued today and the case tried before a magistrate it was decided that, as the game was played for charity, no law had been violated.

Services at the Catholic Church.

High mass and sermon at 9 a.m., subject "The importance of salvation." Sunday school and Bible class at 10:30 a.m. Vespers, Benediction and lecture at 7:45.

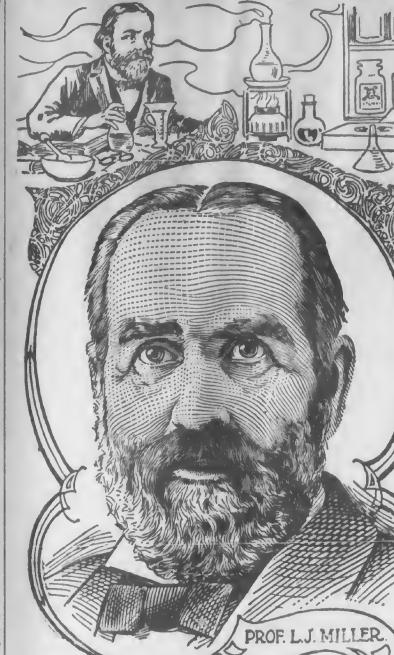

Subject of lecture, "Purgatory, or is there a middle state hereafter."

Next Monday morning there will be a Requiem High Mass for the late Pope, at 8 a.m.

CHEMICAL ANALYSIS

Reveals That "Peru-na is Calculated to Tone up the System, Restore the Functions and Procure Health."

SO SAYS PROF. L. J. MILLER, CHEMIST.

PROF. L. J. MILLER.

Prof. L. J. Miller, late Professor of Chemistry and Botany of the High School of Ypsilanti, Mich., writes from 8327 N. Clark Street, Chicago, Ill., as follows:

"As far as my friends have spoken to me of the favorable results obtained through the use of Peru-na, especially in cases of catarrh, I examined it most thoroughly to learn its constituents."

"I found it composed of extracts of herbs and barks of most valuable medicinal qualities combined with other ingredients, delicately balanced, calculated to tone up the system, restore the functions and procure health."

"I consider Peru-na one of the most skilfully and scientifically prepared medicines, which the public can use with safety and success."—PROF. L. J. MILLER.

GREAT RACING.

At the Guthrie and Madisonville Fair this year.

The indications are that the finest race ever seen in Western Kentucky will be called off at the Fair at Guthrie and Madisonville. The two fairs are run by the same management and comes before any of the Fairs are started and as a result all the horses will flock to these Fairs. There are already about 40 horses at Guthrie and a whole lot coming in daily. All these horses will come from Guthrie to Madisonville and our people may prepare to see some fine sport in the racing contests.—Hustler.

HELD TO ANSWER.

Prisoner Charged With Selling Liquor Illegally in Hopkins.

George Todd, of Hopkinsville, was arrested and brought before U. S. Commissioner Ferguson of this city, Wednesday, on a charge of retailing liquor without license. The prisoner was held over the November 1st term of the Federal Court at Owingsboro. In default of bond of \$300, Todd was taken to Owingsboro by U. S. Deputy Marshal Fred G. Gilliland, who made the arrest. He will remain in the Daviess county jail until the case is called.

Executor's Sale of

Valuable Land!

In compliance with the provisions of the will of D. J. Hoosier, deceased, I offer for sale in parcels, and as a whole, the farm, which he lived, situated on the Clarksville pike, not more than one mile from the South boundary line of the City of Hopkinsville, and according to recent survey, contains under fence 29 1/2 acres. The land lies well, and has a frontage of about 166 poles on the Clarksville pike, and is bounded on one side by the East fork of Little River. Prospective purchasers are invited to call at my office in Planters Bank & Trust Company building, Hopkinsville, and examine a map of the land and learn the terms of the sale. Possession given on September 1st, and if sold before that date the purchaser shall have benefit of the contracts with share croppers.

"Builds up the System." Hon. Joseph H. Ridgway, Secretary of the American Anti-Treaty Society, wrote the following letter from the Grand Central Hotel, St. Paul, Minn.

"It is with great pleasure that I endorse Peruna as an honest medicine, competent to do all it claims. I have several times and know of nothing that cures so completely, and at the same time builds up the system.

"I have recommended it to a number of my friends, and they feel that I do them a service for I know how satisfactory the results invariably are. I only wish every family had a bottle—it would save much sickness and doctor bills."—Joseph H. Ridgway.

"Feel Better Than Five Years."

Mr. James B. Taylor, Roberts, Ind., writes:

"I took at the present time entirely well. I can say anything I ever could. I took five bottles of Peruna, and feel better now than I have for five years. I have doctor'd with other doctors off and on for fifteen years, so I can recommend your medicine very highly for stomach trouble. I take great pleasure in thanking you for your free advice and Peruna."

"It is Enjoy Meas as I Used to."

Mr. J. W. Pritchard, Wolf Lake, Ind., writes:

"I pleased to say that I have been cured of catarrh of the stomach by Peruna. I could hardly eat anything that disagreed with me. Before I would get half through my meal, my stomach would fit with such distressing and unpleasant feelings for an hour or two after each meal. But, thanks to your Peruna, I am now completely cured, and can eat anything I want to without any of the distressing symptoms. I can now eat my meals as I used to do, and it is all due to Dr. Hartman and his wonderful medicine, Peruna."

"It has been one year since I was cured, and I am all O. K. yet, so I know I am cured."—J. W. Pritchard.

Dyspepsia is a very common phase of catarrh, and can readily be relieved by Peruna. It cures catarrh of any location, wherever it may be.

"If you do not derive prompt and satisfactory results from the use of Peruna, call on me again. Do not be afraid to give a full statement of your case, and I will be pleased to give you his valuable advice gratis."

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.

HEIRS

Of Executed Murderer Sue For \$50,000.

New Orleans, July 18.—A unique damage suit is reported from Santa Barbara, Tate county, Miss. It arises out of the famous case of Ashley Cocke, the execution of whom took place at Greenville a year ago. The suit is brought by the heirs of Cocke. It is a claim for \$50,000 damages against the Western Union Telegraph Company.

The claim upon which the plaintiffs seek damages is that the company, through its agents and employees, allowed to be made public a certain telegram which was sent from Narragansett Pier by Mr. Dean, one of Cocke's attorneys. This telegram conveyed to Ashley Cocke's brother the information that Judge White had refused to grant a stay of execution and to entertain the appeal from the supreme court of Mississippi. Mr. Dean had gone on to see Judge White in his behalf, and the friends of Cocke in this state were, in the mean time, bringing every pressure possible to bear upon the Governor in order to induce him to grant a reprieve in the case of Cocke.

One of the arguments relied upon by the friends of Cocke to secure this reprieve was the very fact that Mr. Dean had gone out to get a hearing before the Supreme Court of the United States and expected to secure it. The plaintiffs will argue that the publication of the information in the telegram from Mr. Dean thwarted their plans to get the reprieve from the Governor.

Symptoms.

If you suffer from sick headache, palpitation of the heart, heartburn, costiveness, flatulence, sour stomach or bad taste in the mouth, you have stomach and liver trouble. You should not delay but go to your druggist at once and get a bottle of Dr. Caldwell's Sarsaparilla. It positively cures constipation, dyspepsia, liver and kidney troubles. 50c and \$1. All druggists.

REELFOOT ISLAND LEASED.

Land Will Be Used at Present for Camping.

Union City, Tenn., July 22.—Judge Harris, claiming to be owner of Reelfoot Lake, has leased to J. C. Burdick, who now owns the hunting and fishing privileges for profit, all the islands of the lake, some 35 or 40 in number. Mr. Burdick will use the islands at present for camping grounds for his fishermen, and for all others who wish to fish and hunt for pleasure. As soon as the Tiptonville levee is completed, making the island tillable, they will be converted into some of the most productive farms in Tennessee.

Slight injuries often disable a man and cause several days' loss of time and when blood poison develops, sometimes result in the loss of a hand or limb. Chamberlain's Balsam is a specific for such cases. When applied to cuts, bruises and burns it causes them to heal quickly and without maturation, and prevents any danger of blood poison. For sale by C. K. Wyly, druggist.

TICKET AGENT MISSING.

Alleged Shortage in His Accounts Discovered.

Wilfred T. Hutchinson, who resigned as ticket agent at Union Station, Tenth and Broadway, Louisville, on Wednesday, is missing. It is said a \$2,000 shortage has been discovered in his accounts. Hutchinson left his home Wednesday morning, telling his wife that he was going to work. This was the last seen of him. Hutchinson had been employed as ticket agent at that station for eight years.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. All that is necessary is to give Chamberlain's Balsam and Diarrhoea Remedy and castor oil, as directed with each bottle, and a cure is certain. For sale by C. K. Wyly, druggist.

Mexican Mustang Liniment
is excellent for Rheumatism and all deep-seated pains.

For Sprains and Strains

It is useless to apply a liniment that remains on or near the surface. On the contrary, they require something that goes down into the flesh where the trouble is located. That is why

Mexican Mustang Liniment

is the best thing to use for Sprains and Strains. It penetrates at once to where the injury is and drives out the infection. It is made from selected herbs and tonics. Don't be stingy in using the liniment nor fail to rub it in as thoroughly as the soreness will permit.

Mexican Mustang Liniment

is a good thing to have on hand when accidents happen.

CHANCE OF LIFE TIME

World's Fair Appeals Especially to the Educator.

Kentucky Exhibit Association Offers to Pay the Expenses of State's 120 Most Popular Teachers.

It is now conceded on all sides that the Louisiana Purchase Exposition in St. Louis next year will be the greatest event of the kind in history. Nothing ever before given approaches it, with the possible exception of the Columbian Exposition at Chicago in 1893, and the St. Louis' Fair is to make even it look small.

There is no denying the fact that within the big buildings at this exposition will be an entire education for those who seek it. The great Fair is not being built for any one class, trade or profession, however, but for every nation, every clime, every race. Still it will especially appeal to the educators of the United States, for the general scheme of the Exposition is education; every exhibit is to be installed with an eye single to teaching the visitor all that is to be learned by looking.

Kentucky educators, then, will, of course, want to visit this great Fair. Their time will not be complete without it.

The Kentucky Exhibit Association is offering to pay the expenses of 120 of the most popular of this class of intelligent people to the Exposition. It proposes to send at expense—railroad transportation, board at one of the best hotels in St. Louis and six days admission to the grounds—one teacher from every county in the State.

The popularity will be determined by votes. Full particulars of the plan will be furnished on application to the Secretary, R. E. Hughes, Louisville. Blank ballots may be clipped from our columns; they will be supplied at our office, or by Mr. Hughes.

If you are not being voted for, see that your friends begin at once to cast their votes for you. Every educator in the state, every school superintendent, every one who teaches a school, public or private, is eligible. Delays are dangerous! Get in the contest at once, if you want a free trip to the Exposition.

Keep your system in perfect order and you will have health, even in the most trying seasons. The professional use of Prickly Ash Bitters will insure vigor and regularity in all the vital organs. R. C. Hardwick, special agent.

TENNESSEE CENTRAL.

Its Possible Sale And Future Ownership.

The following from the St. Louis Globe Democrat is of especial interest to this section:

"The possible sale and future ownership of the Tennessee Central has again become a topic of interesting discussion. Notwithstanding denials by its officials that the road can be bought, it is again reiterated that a sale at an early date is certain, with the Southern, the Louisville & Nashville and the Illinois Central lines the prospective buyers. While there is no settled opinion as to which of these systems the Central will ultimately be added, the general impression was, after Jere Baxter relinquished the presidency that the property would be mutually divided between three competitors.

"It is confidently believed in Memphis that the Illinois Central will become the owner of the Central, and has been simply waiting for propitious conditions before doing so. In this connection attention is called to the fact that the Illinois Central will build a branch from Marion, Ky., to Cave-in Rock, making a direct line from Hopkinsville to St. Louis.

"It is also understood that the Tennessee Central will form a part of a through service between Nashville and St. Louis, connecting with the Illinois Central at Hopkinsville."

May Cost Millions.

The Government has completed its answer in several cases involving its state and Federal pay of thousands of soldiers, both in the Civil and Spanish Wars, and the pages have been filed with the Court of Claims for final adjudication at the October term. These cases are tests, and should the claimants win several thousand more are likely to be filed at once. One claim is made by the executors of the estate of James Applegate, of Pendleton county, Kentucky, who was mustered into the army as a Second Lieutenant of the Eighteenth Kentucky Infantry October 13, 1861. Prior to being mustered into the United States service he served several months with the state troops, and for this he received pay from the state. Later, and after the Federal Government had paid the state for all expenditures during the war, United States Treasury officers deducted from the pay of the Second Lieutenant the amount paid him by the state, alleging that the state had acted only as an agent for the United States Government, and that the money paid Applegate had simply been advanced to him until such time as he came under control of the Federal authorities. Applegate's executors are of the opinion that the state payment was simply a gratuity, and that it should not have been charged against the soldier. The amount in 1861 was \$204 with interest and various costs and it has grown into several thousand dollars. When it is settled there will be 200,000 soldiers in various parts of the country who lost the state pay, and that all are to be entitled to this back pay if the Government loses the Applegate case, the importance of the case is apparent.

GARTH'S WHEREABOUTS.
Rumors that He Has Been in Christian Lately.

There are all sorts of reports concerning the whereabouts of Bud Garth, who shot and killed Younger Watkins, at Trenton, recently, and for whose capture a reward of \$250 has been offered by Gov. Beckham. It is said he was seen in Lafayette Tuesday. Garth had a large pistol buckled around him, and carried a double-barrel shotgun, both barrels of which were cocked, goes the story. There is also a rumor that he was seen near Gracey Monday. It is the opinion of many that Garth is still in the neighborhood where Watkins was killed.
